

Faculty Development, Engagement & Wellbeing Newsletter Spring 2024

Dear Friends and Colleagues,

Welcome to the Spring Faculty Development Newsletter! As the days get longer, we wanted to highlight the shoots of growth peeking up through the snow, so to speak. We have some good news regarding Promotions, Grants, Presentations, and upcoming Events and Opportunities.

Please contact any of us if you have questions, ideas, want to be involved or if we can help support you.

Take care,

Kristin, Tara, and the Faculty Development Team

In this Newsletter:

- **Recent Faculty Promotions**
- **New Faculty Highlights**
- **Faculty Development Starter Grant and EMS Awardees**
- **Peer Mentorship groups**
- **POCUS training: Tuition Reimbursement**
- **Upcoming Events**
- **Faculty Academic Presentations**

Faculty Promotions

(since our last newsletter) We have been working to develop a robust system to facilitate the sometimes difficult and long path to promotion. We have a lot of amazing people in our department and want to help them be officially recognized with advancement through the system. Please join us in congratulating everyone promoted for their hard work and dedication!

Dr. Kathy Chen
*Promoted to Assistant
Professor*

Dr. Devon Flaherty
*Promoted to Assistant
Professor*

Dr. Martha Cordoba
*Promoted to Assistant
Professor*

Dr. Stephanie Yacoubian
*Promoted to Assistant
Professor*

Dr. Daniela Lazea
***Promoted to Assistant
Professor***

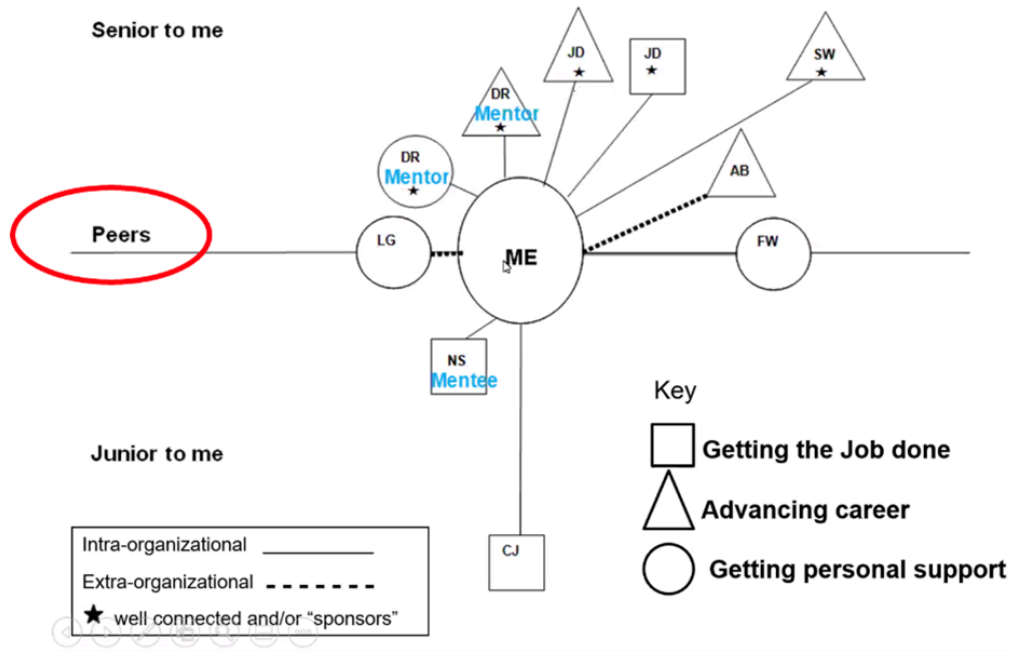

Dr. Oren Levy
***Initial Appointment to Assistant
Professor***

Do you have questions about what the academic promotion tracks are, what is typical for a given level, and want to ask questions about when you might be ready for your own promotion? Please reach out to [Kristin](#) for questions or if you want to schedule a meeting to talk about your career path. We are following up with those who indicated readiness on their career conference form.

Do you have questions about logistics of the promotions process? Please contact Kim Katz for answers regarding the first steps, required paperwork and letters. She is on L1 in office L142 at the end of the Anesthesia hallway and is happy to give you an overview of the process. Stop by or email her at KKATZ1@PARTNERS.ORG.

Peer Mentorship Groups

Development of Individualized Mentorship Map

- Peer mentorship is an excellent supplement to the traditional dyadic mentoring, where peers provide feedback to each other in a small group.
- Group mentoring can also involve individuals at many career stages learning from each other, as they come together around a common interest.
- It is also a great way to learn more about people in other divisions and build community in the department.

Last fall, we began identifying natural groups centered on common academic interests and supported the development of peer mentorship groups. We queried you about your interest in participation and leadership in these groups. These groups have either started or are in the planning phase but anyone who is interested can join any group!

Current Groups are: QI, Trainee Mentoring, Education, Research, DEIB, and Wellbeing. If you would like to join any of these groups, please reach out to Kristin Schreiber or Adam Greenberg for more information and we will connect you. Likewise, if you already have a group like these up and running or have an idea for one, please reach out to Kristin or Adam as well.

The faculty development team is here to support logistical planning (sending Zcal/doodle, reserving rooms, helping with paperwork for reimbursement. Some FD funds are available for food during meetings, and another option is to consider a Brigham to Table sponsorship of your group to go out to dinner together.

Annual awards & Promotions Dinner

We held our second annual Promotions and Awards Dinner at La Morra in January. Each year, along with members of the Faculty Development Promotions Committee, we host this celebration to honor the academic achievements and great efforts of faculty who have been promoted or received awards over the previous year.

Welcome to New Faculty

The Faculty Development team would like to welcome and spotlight some of the new faculty joining us.

Dr. Joseph Homsi has been with BWH through residency and fellowship and now joins as faculty. He attended medical school at UMass Medical School. Dr. Homsi is most interested in acute perioperative pain medicine as well as regional anesthesia. If he were undergoing induction by general anesthesia, he would choose to listen to the song 'ivy' by Taylor Swift. Dr. Homs is from Norwood Massachusetts.

Dr. Andrew Starr is from Centennial, CO. Dr. Starr completed his medical school at Renaissance School of Medicine at Stony Brook and then proceeded St. Elizabeth's Medical Center for his residency. He is interested in all forms of anesthesia and is part of the General anesthesia division. If Dr. Hoffman were undergoing induction by general anesthesia would choose to listen to the song 'POPSTAR' by DJ Khalid and Drake!

More new faculty features coming your way soon!

Awards, Grants, and Publications

The Faculty Development Team is pleased to announce our inaugural recipients of the Faculty Development Starter Grants! For those that may not remember, we announced this grant opportunity last fall, to support academic development projects of our faculty. We received excellent letters of intent from many talented faculty in our department and invited many to be reviewed by a widely representative panel of six reviewers.

Faculty Development Starter Grant Recipients

Dr. Sebastian Seifert

Development of a Fetal Surgery Research Program

Dr. Alex Stone

Increasing Preoperative Access to Regional Analgesic options for Patients with Hip Fractures: A multidisciplinary effort

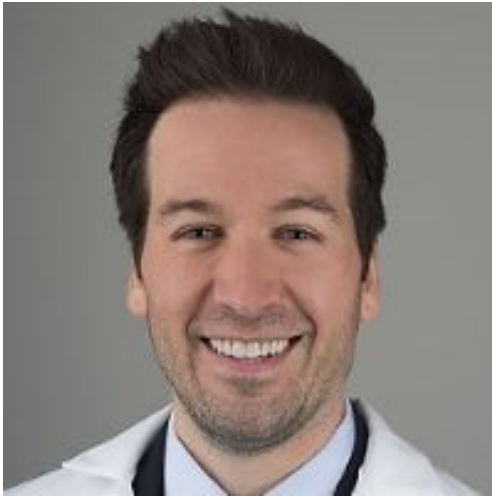

Dr. Sharon Reale

Frequency of Adherence to Obstetric Anesthesia Best Practices for Cesarean Delivery: A Multicenter Retrospective Cohort Analysis

Dr. Arthur Formanek

Simulated Telementored Ultrasound Guided Regional Anesthesia in Spaceflight

Dr. John Kowalczyk

Intravenous Oxytocin for Perioperative Pain after Minimally Invasive Hysterectomy: A Randomized Control Trial

Eleanor and Miles Shore Grant Recipients

We also congratulate this year's winners of the *Eleanor and Miles Shore Grant*, which aims to support Instructors and Assistant Professors at a critical time in their academic development. This year's recipients are:

Dr. Bushra Taha

Point-of-care ultrasound to evaluate gastric volume in patients with epidural analgesia requiring cesarean delivery in labor

Dr. Katie Greco

Expanding the Residency Curriculum: Formation of an Integrated Simulation Series and Establishment of an Intern Education Curriculum

POCUS: How to get Credentialed (and reimbursed for it!)

POCUS Faculty Development Group

Are you interested in getting POCUS credentialed? Have you been selected as the POCUS champion for your division? Are you interested in POCUS related research and need to know what resources are available? Do you just really like looking at blurry black and white pictures? (me too!)

Then join the POCUS faculty development group!

The group will plan to meet quarterly and please contact [Adam Greenberg](#) for more information or to sign up!

The 'BWH Anes POCUS' Teams Channel to make POCUS training, credentialing and clinical information readily accessible to everyone in the department.

[Click Here for the Link to the POCUS Teams Channel.](#)

We would like to particularly draw your attention to the gastric ultrasound resources page. You will find information about how to perform a gastric ultrasound as well as how to order a gastric ultrasound if you know that your patient for tomorrow will need a full stomach assessment. We plan to hold a Wednesday morning session to go through hands-on gastric ultrasound with any interested faculty members. Josh is also planning a Wednesday morning session for the Faulkner Group.

And the MGB Tuition assistance program that will reimburse faculty and trainees for purchasing the ASA POCUS certification course:

[Tuition Assistance](#)

That's all for now, but we will be in touch soon! Please email with any questions/ comments or concerns.

Best,
Louisa, Josh and Elizabeth

Upcoming Events

Here is the tentative schedule for Grand Rounds:

April Grand Rounds:

4/3/24

7am: Dr. Francis Chung- Topic: ***Surgical patients with obstructive sleep apnea: Do we care or should we care?***

8am: Dr. Bhavani Kodali- Topic: ***Pulmonary Ventilation in Critically Ill Pregnant Women***

4/10/24

7am: Dr. Philip Devereaux- Topic: ***Insights from two decades of perioperative cardiovascular trials***

8am: Dr. Michaela Farber- Topic: ***Vietnam Collaboration***

4/17/24

7am: M&M

8am: Faculty & CRNA Meeting

4/24/24

7am: Stephen Estime- Topic: ***DEIB in Anesthesiology***

8am: Dr. Louisa Palmer- Topic: ***Critical Care Fellows Posters/Abstracts***

May Grand Rounds:

5/1/24

7am: Stephanie Cheng- Topic: ***Hospital Based Perioperative Acupuncture***

8am: Faculty & CRNA Meeting

5/8/24

7am: Dr. Chadwick- Topic: ***Chronic Pain and Perioperative Care in Gender and Sexual Minorities***

8am: M&M

5/15/24

7am-9am: Alex Keuroghlian- Topic: TBA

5/22/24

7am: Drs. Kim and Feldman- Topic: Kudos

8am: TBD

5/29/24

7am-9am: Department of Surgery MDGR

June Grand Rounds:

6/5/24

7am: Division Meeting

8:15am: Department Photo

6/12/24

No Grand Rounds-Graduation

6/19/24

No Grand Rounds- Holiday

6/26/24

7am-9am: Dr. Art Formanek- Topic: Airways Session 2

Upcoming Brigham Social Club Wellness Events

Are you a social butterfly with lots of fun event ideas? Are you excited to get to know your classmates and colleagues outside of the operating room? If so, The Brigham Social Club is the place for YOU! The Brigham Social Club is a group of Brigham Anesthesia members committed to building community and supporting wellbeing. The BSC is open to all members of the department. We host monthly events, such as Apple Picking, Lunar New Year Lunch, Trivia Night, and the annual Ski Trip. Commitment is minimal-- just four virtual meetings per year! Email Cathleen McKeating to sign up.

Sincerely, Cathleen McKeating

Schedule

Volleyball League - Starting April 1

Soccer League - Starting April 1

4/20/24 - Annual department Party!

Telescope Night - TBA May or June

Other Wellbeing Resources

- Visit our Wellbeing & Support resources on [our Intranet](#)
- BWH Wellbeing: Faculty Well-being Resources – [Faculty Development and Wellbeing \(brighamandwomens.org\)](#)
- Brigham to Table – [BWH Faculty are invited to have a meal with faculty colleagues – *Sign up by April 12, 2024!](#) – The goal of Brigham to Table is to encourage and inspire Brigham faculty to connect with one of the most valuable assets of our institution: their colleagues. Sign-up by April 12 to have a meal on us at a partnering restaurant!

- [The MGB Faculty Parental Wellness Program](#), is recruiting experienced parent(s) who serve(s) as a mentor, provides guidance, and offers practical strategies on navigating new parenthood, including parental leave and the transition back to work. These experienced parents make up the Parental Wellness Advocate (PWA) roster, and we're recruiting faculty of any gender who have had children in the last 5 years: [Parental Wellness Advocate Sign-up](#). Please email parentalwellness@mgb.org with any questions.
- [BWH Faculty Connections Networking & Discussion](#) – April 9, 4:30 – 6:00PM in the Marshall Wolf Conference Center. Please complete the [RSVP form](#) to register. This event is for early-career Brigham and Women's Hospital faculty to network, discover resources, and share any hurdles you may be facing in your clinical careers. Pizza and refreshments will be provided.

Faculty Academic Presentations

We have an amazing group of people in this department, who, in addition to taking excellent care of complex patients each day, are also asking important questions and testing clinical innovations. Much of this work made it to the national stage, with our faculty being selected to present their work at a variety of national and international meetings and conferences.

American Academy of Pain Medicine (AAPM)/Scottsdale, AZ

Savannah Kazemipour; Robert R Edwards; Simone Tuabenberger; Ajay Wasan; Samantha M Meints: Understanding Intersectional Health-Related Stigma in Patients with Chronic Low Back Pain and Negative Affect: A Qualitative Study.

American Society of Regional Anesthesiologist (ASRA) Regional Anesthesiology and Acute Pain Medicine Meeting/ San Diego, CA

Kristin Schreiber. The Science of Pain and Analgesia/Personalizing Acute Pain.

Sylvie Polsky; Eric Chen; Lila Ankiewicz; Jose Zeballos: Hypotension Reveals the Presence of an Epidural Hematoma: A Case Report.

Sylvie Polsky; Alexander Stone; Andrew Shorten; Kamen Vlassakov: Regional Anesthesia for Perioperative Management of Subcutaneous Implantable Cardioverter-Defibrillator Insertion.

Alexander Stone, Alex Illescas, Haoyan Zhong, Jashvant Poeran, Jeremy Smith, Stavros Mentsoudis, Jiabin Liu, DO NERVE BLOCKS IMPACT THE TIMING OF FASCIOTOMY FOLLOWING SURGICAL REPAIR OF LOWER LEG FRACTURE; A NATIONAL DATABASE ANALYSIS

Janet Adeola; Alexander Stone: Is there a methadone stigma?: Patient willingness to participate in trials involving intravenous perioperative methadone, a systematic review.

Andres Zorrilla-Vaca, Philipp Lirk, Philipp Gerner, Kamen Vlassakov, Alexander Stone BILLING ACCURACY OF PERIPHERAL NERVE BLOCKS: A COMPARISON BETWEEN BLOCK TEAM AND INTRAOPERATIVE ANESTHESIA TEAM

Jennifer Kutt, Murka Jeancharles, Alexander Stone, THE USE OF PROXIMAL INTERCOSTAL NERVE BLOCK CATHETER FOR ACUTE LEFT VENTRICULAR ASSIST DEVICE ASSOCIATED CHEST WALL PAIN

Rebecca Xu, Laurenz Hauptmann, Sheila Gokul, Kara Fields, Philipp Lirk, Kristin Schreiber, POSTOPERATIVE PAIN TRAJECTORIES AFTER ONCOLOGIC BREAST SURGERY: A SYSTEMATIC REVIEW AND META-ANALYSIS

Erika Taco Vasquez, Jose Zeballos, Archana O'Neil, IPSILATERAL HEARING LOSS AFTER RETROCLAVICULAR APPROACH FOR INFRACLAVICULAR CATHETER PLACEMENT FOR INDEX FINGER AMPUTATION

Melanie Winters, Erika Taco-Vasquez, Andrew Goldsmith, Michael Weaver, Kamen Vlassakov, Alexander Stone, TIME BETWEEN NERVE BLOCK PLACEMENT IN THE EMERGENCY DEPARTMENT AND OPERATIVE FIXATION OF HIP FRACTURES: A RETROSPECTIVE ANALYSIS

Salvatore Daddario; Inna Zinger; Kara Fields; Muhammad Rehman; Jose Zeballos; Jenna Wilson; Kristin Schreiber; Yun-Yun Chen: THE EFFECT OF MULTIDISCIPLINARY EDUCATION ON REBOUND PAIN: A RETROSPECTIVE STUDY IN PRIMARY TOTAL KNEE ARTHROPLASTY PATIENTS. Oral presentation.

Sheila Gokul; Fabian Stangl; Claire Xu; Joy Badaoui; Lalitha Sundararaman; Kristin Schreiber; Philipp Lirk: Procedure-Specific Acute Pain Trajectories After Shoulder Surgery.

Martin Kiik; Sheila Gokul; Patrick Collins; Jenna Wilson; Philipp Lirk; Kristin Schreiber; Yun-Yun Chen: TRAJECTORY OF TEMPERATURE CHANGES IN UPPER EXTREMITY AFTER AN AXILLARY BLOCK. Oral presentation.

Yun-Yun Chen; Jenna Wilson; Sheila Gokul; Patrick Collins; Martin Kiik; Kristin Schreiber: PROVIDER INTUITION: HOW WELL CAN ANESTHESIA PROVIDERS ASSESS A PATIENT'S PAIN CATASTROPHIZING SCORE? Poster.

Patrick Collins; Sheila Gokul; Jenna Wilson; Martin Kiik; Philipp Lirk; Kamen Vlassakov; Kristin Schreiber; Yun-Yun Chen: TO EDUCATE OR TO SEDATE: PERSONALIZING PREPROCEDURAL SEDATION FOR PATIENTS RECEIVING A PREOPERATIVE NERVE BLOCK.

Carlicia Nelson; Marise Cornelius; Samantha Meints; Robert R. Edwards; Robert N. Jamison: WHO PERCEIVES GETTING BETTER OR WORSE ON A SMARTPHONE PAIN APP?: ROLE OF DISABILITY, NEGATIVE AFFECT AND 2-WAY MESSAGING.

ERAS Symposium, 7th Annual / Baylor, Dallas Texas

Marc Pimentel: Who Controls the Thermostat - Perioperative Normothermia Management.

Marc Pimentel: Implementation 101.

International Anesthesia Research Society (IARS) and Society of Critical Care Anesthesiologists (SOCCA) Annual Meeting, Seattle, WA

IARS:

Vesela P Kovacheva: Augmenting Anesthesiology Practice with Generative AI.

Vesela P Kovacheva: Integration of Novel Artificial Intelligence and Genomics Tools in Perioperative Care.

Chris Connor; Generative AI and Machine Learning

Kristin Schreiber, IARS Mentored Research Awards (IMRA) Update

Kristin Schreiber, Advanced Regional Anesthesia Ultrasound Techniques Workshop

Kumar; Agrawal; Sou; Baker; Wada; Hatabu; Frenzl: Portable Dynamic Digital Radiography in the Assessment of Diaphragmatic Dysfunction.

SOCCA:

Sula Nasra; Rachel E. Carlson; Jingui He; Samuel Justice; Jochen D. Muehlschlegel; Jakob Wollborn: Association Between Magnesium and Potassium Levels and Atrial Fibrillation Detection Using Remote Patch Monitoring in Post-Cardiac Surgery Patients.

Samuel Rackley; Gavin Ovsak; Luying Yan; Claire Luo; Christoph Nabzdyk: Mesenteric Ischemia Following Heart Transplantation: A Case Series Review.

Kumar; Kovacheva; Palmer: Novel Machine Learning-Powered Early Warning Score for Prediction of Patient Deterioration in PACU.

Saggu; Palmer: Antegrade Aortic Dissection and Mesenteric Ischemia following TEVAR.

Gray; Palmer: Reverse Takotsubo Cardiomyopathy Following Scapular Free Flap Reconstruction.

Baker; Taha: Recognizing Cardiac Tamponade in a Patient on Peripheral Venoarterial Extracorporeal Membrane Oxygenation.

Nemani; Lazea: PF4-Negative Heparin-Induced Thrombocytopenia and Thrombosis in a Cardiac Surgical Patient.

Nemani; Palmer: Are Women More At Risk For Permanent Pacemaker Insertion After Cardiac Surgery?

Buchanan; Palmer: When Methimazole Isn't Enough: Using ECMO as a Bridge to Recovery in Thyroid Storm.

Sou: Review of Echocardiographic Features in Cardiac Tamponade: A Case of Acute Hemopericardium Associated with Apixaban in End-Stage Renal Disease.

Palmer; Justice; Esmaelzadeh; Platz: Association between right ventricular dysfunction on point-of-care ultrasound and mortality in hospitalized patients with COVID-19.

Winters; Tsukada; Frenzl: Tracheal laceration after easy intubation – a documented course of healing.

North American Neuromodulation Society's Annual Meeting, Las Vegas, NV

Bulat, E.; Chaturvedi, R.; Johnson, P.; Gulati, A.; Rakesh, N.: Intrathecal Clonidine Dosing for Cancer Pain: A Retrospective Cohort Study.

Akash S. Patel; Adlai L. Pappy II; Robert Jason Yong: Podium Presentation/Single-Center Retrospective Study of the Efficacy and Complication Rate of Dorsal Root Ganglion Stimulator Implantation.

Society of Cardiovascular Anesthesiologists 2024 Toronto, Canada

Grace S. Lee; Chinyere Archie; Samuel Justice; Sergey Karamnov: Long-Term Mortality Unaffected: Investigating the Impact of Preoperative Right Ventricular Dilatation and Tricuspid Regurgitation in Lung Transplant Patients.

Grace S. Lee; Rowaa Ibrahim; Piotr Sobieszczyk; Nelson Thaemert: A Case of Inaccurate Preprocedural Atrial Septal Defect Assessment by 2D TEE and Cardiac MR.

Samuel Rackley; Mary Decker; Chinyere Archie: Continuous TEE Enables Complex Resection of Adrenocortical Carcinoma Extending Into The Right Atrium: A Case Report.

Samuel Rackley; Gavin Ovsak; Luying Yan; Claire Luo; Christoph Nabzdyk: Mesenteric Ischemia Following Heart Transplantation: A Case Series Review.

Rachel E. Carlson; Sula Nasra; Jingui He; Samuel Justice; Jochen D. Muehlschlegel; Jakob Wollborn: Assessing the burden of atrial fibrillation after cardiac surgery using remote adhesive patch monitoring after discharge.

Serena S. Dasani; Gavin Ovsak; Samuel Justice; Christoph Nabzdyk; Sergey Karamnov: Navigating the Rhythms of Atrial Fibrillation – A Tango Between Clinical Outcomes and Anesthesia Financial Implications.

Gavin Ovsak: Mesenteric Ischemia Following Heart Transplantation: A Case Series Review.

Gavin Ovsak: Navigating the Rhythms of Atrial Fibrillation - A Tango Between Clinical Outcomes and Anesthesia Financial Implications.

Gavin Ovsak: Retrospective Review of ECMO Fibrin Sheath Occurrence after Decannulation.

Ahmed Yousef; Kan Zhang; Kirsten Odegard: Resuscitation of a Patient with Severe Pulmonary Arterial Hypertension.

Areli Valencia; Lauren J. Cornella; Michael T. Jaklitsch; Mark J. Cunningham; Matthew T. Menard; Christopher Mukasa; and Sergey Karamnov: Anesthetic Management of Resection of Liposarcoma of Left and Right Atrium and Pericardium (Poster).

Jacob Conroy; Kan Zhang; Mckenna Longacre: Abernethy Malformation In A Patient With Failing Fontan Physiology.

Mary Decker; Sam Rackley; Chinyere Archie: Continuous TEE Enables Complex Resection of Adrenocortical Carcinoma Extending Into The Right Atrium: A Case Report.

Society for Obstetric Anesthesia and Perinatology 56th Annual Meeting, Denver, Colorado

Liao; Ovsak; Raheel; Farber; Kowalczyk: Temporal Trends in Cryoprecipitate and Fibrinogen Concentrate Utilization for Postpartum Hemorrhage from 2015 to 2023.

Shakthi Jayanthi Venkatachalam; Gavin Ovsak; Jimin Kim; Anarghya Murthy; Rie Maurer; Lawrence Tsen; Ayumi Maeda: RACIAL AND ETHNIC DISPARITIES IN LABOR EPIDURAL ANALGESIA OUTCOMES.

Shayna R. Levine; David R. Janfaza; Ayumi Maeda: SHARED SPACES: ULTRASOUND-GUIDED LABOR EPIDURAL PLACEMENT IN A PATIENT WITH A SPINAL CORD STIMULATOR.
